indigo

indigo

Colour chart goat`s hair/wool

This sturdy yarn of 50% goat hair and 50% sheep wool is spun and dyed in Switzerland.

The standard colours are relevant for the following carpets:

- sikohazi
- sch-nur-zufall
- zicke
- all specials

Natural dyed indigo: the shades are either individually matched to your order or, depending on stock, in lighter or darker indigo blue.

If your preferred colour is not among the standard choice, I will be happy to order from my dyer to adjust the desired shade for you.

Please note that this document is for reference only. Colours may vary more or less from the original depending on your screen or printed PDF. To choose a colour for your rug, please request the original colour chart for selection.
